amvCalendar

2023-09-26 - André Minhorst - Comments (0) - Neue Produkte

Der amvCalendar ist da!

Weitere Infos und die Möglichkeit zur Bestellung einer Demo findest Du hier:

[Zum amvCalendar ...](#)

The screenshot shows the amvCalendar 1.0 application window. At the top, there are two tabs: 'START' and 'ANSICHT'. Below the tabs is a navigation bar with several icons and labels: 'Neuer Termin', 'Neue Serie', 'Heute', 'Jahr Zurück', 'Monat zurück', 'Monat weiter', 'Jahr weiter', 'Tagesansicht', 'Arbeitswoche', 'Woche', and 'Monat'. There are also 'Gehe zu' and 'Anordnen' buttons. The main area is divided into two parts: a monthly calendar for August 2023 on the left and a weekly calendar for August - September 2023 on the right. The weekly calendar shows days from Monday to Wednesday, with dates 14, 15, 16, 21, 22, 23, 28, 29, and 30. A specific appointment is highlighted on Monday, August 14th, at 19:30, labeled '19:30 Beispieltermin'. The interface is clean and modern, with a light color scheme and clear typography.
